TAKES LIFE BY INHALING GAS

Mrs. Pfaltzgraff, of Reading Township, Commits Suicide. Brother Killed Man while in Maddened Frenzy.

Mrs. Elmire Pfaltzgraff, of Reading township, committed suicide Wednesday afternoon in York by inhaling gas. Severe suffering from headache is supposed to have caused the rash act.

Mrs. Pfaltzgraff was a daughter of Lewis Bosserman who just recently was compelled to have an eye removed. She had been living as a domestic in the house of George S. Schmidt in York.

Mrs. Pfaltzgraff, it is believed, was suffering from a severe sick headache, for she went to her room in the Schmidt home and took a large quantity of headache tablets. The overdose of tablets evidently made her very ill. Presumably at this point she decided to take her life, for she left her own room, in which there are no gas fixtures, and went into the next room, shut the doors, turned on the gas and threw herself across the bed. In this way she was found several hours later by a Mr. McGuire who was in charge of the property during Mr. Schmidt's absence. On nearing his room he detected the odor of gas, and on opening his door he found the woman as stated above.

Corner DeHoff, of York county, was then notified and examined the body. As no marks of violence were found on her body he deemed an inquest unnecessary. No positive motive for the suicide is known as she left no letters. Her physician says that she was subject to intense fear, and that at one time she was so badly frightened by a passing fire engine that she was ill for two weeks.

Mrs. Pfaltzgraff was about thirty years old and was the wife of Isaac K. Pfaltzgraff, a horse dealer. She is also survived by her father, who lives in Reading township about three miles from East Berlin.

Mrs. Pfaltzgraff was a sister of John Bosserman, East Berlin, who is now in the state insane asylum, Harrisburg, having killed one man and injured another last summer in a maniacal rage.

WOULD RESCUE HATTIE JONES

Gettysburg Girl Imprisoned in New York for Abandoning Child Arouses Sympathy of Man who would Marry her.

Word has been received here from New York City that Hattie Jones who left Gettysburg some months ago and who has been imprisoned in that city charged with abandoning her infant may marry a man from New Rochelle who offers to come to her rescue.

The man is Korvin D. Bartos and all he knows of the girl is what he read in newspapers concerning her searching vainly for work and finally trying to get rid of her child by hiding it in a doorway. She was detected in this and imprisoned to await trial.

The girl, who is twenty years of age, left here some months ago for Baltimore as she had no relatives here to take care of her and no means of support. She was picked up by the police in Baltimore who saw that she obtained a position at a hospital. Later she left this and went to New York City in search of work. It was in vain and finding the child, which was but a few months old, a hindrance she determined, it is alleged, to get rid of it. She accordingly placed it in a hallway but was apprehended and placed in prison.

It is probable that Mr. Bartos' offer will be considered by the Grand Jury and that the girl will be allowed to marry her benefactor if she so desires.

She is well known in Gettysburg, having lived in various parts of town. For some time she was employed at the North Washington street shirt factory.

CAVALRY FIELD DEDICATION

New Flag Dedicated by Loyal Legion with Simple Ceremony. Camp Fire in Court House. Eulogized Judge Wills.

On the Cavalry Field Thursday afternoon occurred one of the simplest yet most impressive ceremonies which has been witnessed here for many months. The occasion was the raising of a flag by five commissioned officers who participated in the Cavalry Fight and who were spending several days here as members of the Commandery-in-Chief Loyal Legion of the United States. The men were Captain Samuel Wagner, Lieutenant E. H. Parry, Captain W. E. Potter, Captain N. D. Preston and Colonel William Brooke-Rawle.

Each one of the officers reverently kissed the Stars and Stripes and then all grasped the halyards and pulled the emblem to the top of the recently erected flag pole where it floated gracefully in a stiff Western breeze. The ceremony was witnessed by a party of about fifteen who left the remainder of the Legioners to take part in the ceremonies. The others took in the First Day's Fight and Culp's Hill during the afternoon.

HELD CAMP FIRE
Thursday evening a "camp fire" was held in the Court House which was well filled with the veterans and local citizens. Lieutenant Colonel John P. Nicholson presided and called on a large number of the Legion to make addresses. With these were sung the old time war songs and the place fairly resounded with the strains of "Rally Round the Flag Boys," "Marching through Georgia," "Maryland, My Maryland" and other songs of the day of '61-'65.

The camp fire was one of the best ever held in Gettysburg. The addresses were all of unusual interest and the audience was greatly entertained.

One of the speakers paid a glowing tribute to the late Judge Wills. He said "I wish to take this opportunity to pay my tribute to Judge Wills. It is to him we owe the existence of a National Cemetery here. It was he who conceived the idea of gathering the bodies of the dead and placing them in a national burying ground."

Rear Admiral Melville was one of the speakers of the evening. He dwelt principally upon the crusade for universal peace now being waged and in the course of his remarks exclaimed "The only way for this nation to have peace is to have a navy big enough to defy the all navies of the world." He was greeted with great applause. Continuing he said "We all want peace and are the firm friends of those who are working for universal peace but the only way we can get it is to have a great armament. That alone will give universal peace."

FLEET ON ROCK CREEK
Many incidents of the battle were recited and the evening was full of interest. Rock Creek was the subject for much fun, Admiral Melville claiming that the Union fleet once spent a winter there. Another naval man declared he never knew anything about the expedition and said he believed the stories of finding naval officers swords on the battlefield were bosh. Colonel Nicholson interjected "You wouldn't think so if you lived here and saw them sold," a remark which kept the large audience in merriment for many minutes.

Today the Second and Third Days' Fights were visited and at three o'clock this afternoon the special left for Philadelphia. While here the Legioners stopped at the Eagle Hotel. It was one of the most distinguished parties which has gathered on this battlefield for some time. Rear Admiral George W. Melville was chairman of the committee having the excursion in charge. Lieutenant Colonel John A. Bates, on Wednesday made Commander-in-chief of the Loyal Legion was also with them. General Horatio C. King and many others made up the party of more than a hundred.

The Loyal Legion is composed only of commissioned officers of the Army and Navy who fought in the Civil War. In case of their death their eldest son is eligible, but with the Gettysburg party were the officers only. The Commandery-in-chief is composed of the past commanders of the twenty one state commanderies.

\$250,000 LOSS IN FIERCE STORM

Wind and Hail Almost Wreck Cambridge Springs, Pa.

TWENTY PERSONS INJURED

Residents Were Panic-Stricken and Ran into the Streets as Buildings Fell and Roofs Were Torn From Houses.

Cambridge Springs, Pa., Oct. 22.—A storm of cyclone intensity, accompanied by a heavy fall of hail, swept upon this resort, destroying property estimated at \$250,000 and injuring a score of persons, two of whom, it is thought, may die.

These victims, both of whom were caught in the debris of falling buildings, were Homer Richardson, superintendent of the water plant, and Lillian Bystone.

The storm was one of the worst that has ever visited this part of the state. The worst of the blow came almost without warning. Roofs of houses were torn from walls and sent flying into the streets. Many were more or less severely hurt by debris.

Lifted from its foundations by the force of the tempest, the large iron bridge was blown into the river. The buildings at the water works were levelled to the ground, and it was here that Superintendent Richardson received his injuries. It was with difficulty that he was extricated from beneath a mass of building material.

A section of the Riverside hotel was torn down and seven houses were destroyed, while at least forty were damaged. Communication with outside points was cut off, and it was not until some hours later that the telegraph wires between here and Corry were restored.

During the storm residents of this place were panic-stricken and, disregarding the danger, many ran into the streets until the worst was over.

Miss Bystone, who was hurt, went to the front door of her home to see the storm. She was caught up by the wind and carried several hundred feet and flung unconscious against a building.

SPANISH CABINET RESIGNS

Premier Maura and His Minister Quit Office.

Madrid, Oct. 22.—The Spanish cabinet, headed by Premier Maura, has resigned.

The fall of the cabinet was regarded as inevitable after the bitter speech of Minister of the Interior Llaçera in the chamber of deputies, during which he classed the Liberals with the Republicans and Socialists, who were arrayed against the throne. King Alfonso summoned Premier Maura, Senor Dator, former minister of the interior, and other leaders in parliament. The impression continues that the Liberals will refuse to assume power, preferring to leave the Conservatives to extricate themselves from the present situation as best they may.

It is reported that Senor Moret, the former prime minister, has been asked to form a new cabinet and has consented to do so.

PUP ATE THE BILL

Washington, Oct. 22.—Postmaster General Hitchcock has been appealed to by a Missourian to repay him for the loss of a \$5 note destroyed by a "young pup dog." The appeal will be turned over to the treasury department, but it is very doubtful whether the pieces of bill can be redeemed.

W. Lillard, aged thirty-five, a reporter for an afternoon newspaper here. Lillard is of a prominent family of Bloomington, Ill.

Police Captain Gaffney reports that last Sunday Mrs. Lillard handed him a box of chocolates, which she said Mrs. Ridley had given her.

Gaffney turned the candy over to the city chemist, who announced that the candy was so charged with strychnine that one piece of it fed to a rabbit killed it almost instantly.

Mrs. Lillard charges Mrs. Ridley with having come to her home and given her the candy as a peace offering after she had asked the police to protect her and her family from Mrs. Ridley's infatuation for Mr. Lillard.

The Wisconsin and Minnesota experiment stations, in co-operation with the department of agriculture, are this season conducting a series of experiments in the northern parts of the states with a view to finding out what are the cheapest as well as the most effective methods of removing the stumps from cut over lands, many of which at present, owing to the difficulty of getting rid of the stumps, are not being readily taken up by settlers for agricultural purposes. Statistics will also be collected from farms at present engaged in clearing land, and the gist of the findings and the results of new experiments will be later embodied in a bulletin. This clearing of the land after it has been lumbered is an expensive as well as a mighty prosy job, and if methods can be discovered by which it can be done any easier the efforts of these investigators will be well worth while.

A farsighted landlord we once knew used to hurry up the fall plowing by offering his tenant a premium of so much per acre for all of the plow land that was turned under before the 1st of September. Under this plan the tenant was forehanded, while a whole lot of weeds were kept from seeding and fouling the land for the following year. The plan is one that many another owner might follow with profit.

We seriously question if any boy who is normally constituted doesn't have some pretty strong hankers to go to the circus, and the boy's father is certainly not normal if he doesn't appreciate this fact and arrange the work so the boy can get off and take in the sights.

Mississippi boasts of one county in which every white boy of school age is working a piece of ground with his own hands as a part of his education. If more boys were mixing some of this work in the soil with what they get from books they would develop into more wholesome and useful members of society.

Constipation Cure Free

With the first signs of constipation you resort to the home methods of relief, such as hot or cold water on arising, lots of stewed fruit with your breakfast, etc., but what do you do when these fail?

The majority then start on salts and purgative waters, then change to cathartic pills, etc., and you have gone through these various stages you know they were all useless, so far as permanent results go. Now you should try just once again, but try something practical and sensible, a remedy made and intended for the purpose you are trying to accomplish. Such a remedy, as thousands can testify, is Dr. Caldwell's Syrup Pepsin, which is guaranteed to be permanent in its results. Its ingredients are such that by a brief use of it the stomach and bowel muscles are trained to again do their work normally, so that in the end you can do away with medicines of all kinds. That it will do this Mr. G. Y. Dodson of Sanville, Va., will gladly attest, and so will Mrs. S. A. Hampton of Portage, O. To those who are still skeptical there is a way to prove these assertions without a penny of expense: Simply send your name and address on a postal card or letter to the People's Drug Store, Gettysburg, Pa.

This remedy is over a quarter of a century old and is personally taken by more druggists than any other similar remedy on the American market. Because of its effectiveness, purity and pleasant taste it is the ideal laxative remedy for children, women and old folks generally. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 521 Caldwell building, Monticello, Ill. For sale by the People's Drug Store, Gettysburg, Pa.

WARRANTS IN CRAFT CASE

Ten Men Involved in Wilkes-Barre Court House Scandal.

OFFICIALS ARE ACCUSED

County Commissioners, Inspectors, Controller and Two Contractors Under Charges—Alleged to Have Used Cheaper Materials Than Those Contracted For.

Wilkes-Barre, Pa., Oct. 22.—Warrants were issued at the instance of District Attorney Abram Salsberg for the arrest of the three county commissioners, county controller, two contractors, two inspectors and two architects engaged in the erection of the recently completed \$2,000,000 court-house here. Five of the warrants charge all the accused with conspiracy to defraud the county, and two of them charge the county commissioners and county controller with misdemeanor in office on twenty-five counts.

Alderman Alexander Ricketts issued the warrants, the information being sworn to by County Detective Edward Mackin, upon instructions of the district attorney.

The accused men are County Commissioners George Smith, Walter McAvoy and Silas E. Jones, County Controller James M. Morris, County Inspectors Michael Lynch and Charles Norris, Architects Frederick McCormick and Harry French, Contractors Frank Calucci, of Scranton, and Oreste Formigli, of this city.

The charge of conspiracy is based on allegations that the accused conspired to place in the building cheaper materials than those contracted for, without change in price, it being claimed that the graft amounted to \$400,000. The grand jury meeting next week will be asked to indict the accused men.

ALARMED BY RACE SUICIDE

Kaiser Will Be Godfather to Every Eighth Child in Family.

Berlin, Oct. 22.—Germany's birth rate, which for the past ten years was considerably greater than that of other countries of western Europe, began lately to show signs of declining. With the view of checking this, and as an inducement to parents to beget large families, the kaiser has undertaken to stand as godfather for the eighth child in any German family, rich or poor, while the government will empower local authorities to pay to needy parents eighty marks upon the birth of their eighth child. The kaiser regards any tendency towards smaller families as a national evil.

MOTOR CYCLE HIT AUTO

Millionaire Socialist and Wife Had Narrow Escape From Death.

Stamford, Conn., Oct. 22.—Mrs. Rose Harriet Stokes, the wife of James Phelps Stokes, the millionaire Socialist, had a narrow escape from being crushed to death here when the motor cycle upon which she and her husband were riding hit an automobile. The motor cycle is built with a chair equipment, and in this chair Mrs. Stokes sits while her husband, on the motor cycle proper, guides the vehicle. The chair section of the motor cycle hit the automobile, but just before the collision Mrs. Stokes gathered her skirts and jumped. She landed upon her feet and managed to retain her balance.

Weds Brother's Widow; Dies as He Did

Wilkes-Barre, Pa., Oct. 22.—Frank Moody, of Sayre, a brakeman employed on the Lehigh Valley railroad, had his foot caught in a frog at Tunkhannock, and before he could free himself was run down and killed by his own train. By a peculiar coincidence Moody had not only married his brother's widow, but had taken his brother's place on the railroad and was killed by the same train, the "pick-up," as it is called, that caused the death of his brother.

Rizzo Must Die In Electric Chair

Utica, N. Y., Oct. 22.—Theodore Rizzo, murderer of the two children, Theresa Procopio and Freddy Infusino, whom he lured from their homes in this city on Sept. 12 last and shot in a ravine, was found guilty by a jury in the supreme court and was immediately sentenced to death during the week commencing Nov. 12 at Auburn prison.

Princeton Accepts \$500,000 Gift

Princeton, N. J., Oct. 22.—The trustees of Princeton university announced that Mr. William Cooper Proctor's gift of \$500,000 for the new graduate school has been accepted. Mr. Proctor, who is a Cincinnati man, made the offer last spring, with the proviso that an equal sum be raised for the school by May 1, 1910.

Robt. Taft Will Watch Polls in Gotham

New Haven, Conn., Oct. 22.—In response to an appeal from the Volunteer Watchers' association, of New York, Robert A. Taft, senior at Yale and son of President Taft, is receiving the names of Yale students who want to watch at the polls in New York on election day, Nov. 2.

TAFT RESUMES TOUR

Shook Hands With the Entire Town of Taft on Brother's Estate.

Gregory, Tex., Oct. 22.—President Taft resumed his trip today. His train left here this morning for Corpus Christi, and this evening will continue on to Dallas and Houston.

Yesterday the president shook hands with the entire town of Taft and delivered a speech in the Taft school-house. It wasn't much of an ordeal—

TAFT ON HIS TOUR.

this handshaking with an entire town—for Taft has a population of only about 300.

The town is on the C. P. Taft ranch, and the eight mile drive which the president took to it was over his brother's estate for the entire distance. Taft is one of the towns that went Republican unanimously in the last national campaign, and for this reason and because it is named in honor of his brother, the president favored it with a speech.

SENATOR STONE IN FIGHT WITH CABMAN

Pays \$1 Fare When His Grip is Seized.

St. Louis, Mo., Oct. 22.—United States Senator William J. Stone's latest exploit has been to punch a cabman in Union station when he demanded a \$1 fare from him. He only paid the bill when the cab driver got possession of his grip.

"To charge me \$1 for this ride is outrageous," shouted the Missouri statesman, as he alighted from the cab. "I refuse absolutely to pay any such price," continued the senator, gestulating wildly.

"I don't care if you are Senator Stone; you look like everybody else to me," said the driver, "and you've got to come across with one William."

The cabman then got possession of the senator's grip from the hands of a boy who was carrying it. In a tussle for the possession of the baggage bystanders say the senator hit the cabman with his clenched fist. He says he only slapped him. A policeman appeared to side with the cabman, and he gave up the grip when the senator gave up the dollar. The senator took the name of the policeman and hurried for his train, threatening to have the matter investigated.

Not long ago Senator Stone slapped a negro waiter in a dining car while going from Washington to Philadelphia.

BRYAN ANSWERS CRITICS

Declares He Is Not Using Political Honors For Gain.

Lincoln, Neb., Oct. 22.—Mr. Bryan spiritedly replies in the Commoner to a Texas critic who said that the distinction conferred by his party upon Mr. Bryan was so rare that it ought to lift even the most callous and selfish man above material considerations and that he ought not to exploit it for gain.

Mr. Bryan says "that it is true he has three times been the candidate of the party and that he knows of no honorable occupation in which he could be engaged where he would not be benefitted peculiarly by the acquaintance and fame that the nominations bestowed, but must a man who has been the candidate of his party be retired from all occupations, from labor of every kind and from remunerative employment merely because some enemy will accuse him of using his position for gain?"

He insists that in the newspaper and lecture field he has found legitimate occupation.

ACTOR STRICKEN BLIND ON STAGE

Finished Sketch Despite His Sudden Affliction.

AUDIENCE DID NOT KNOW

Maintained Presence of Mind as Sight Fled, He Smiled on the House and Continued His Song—Due to Acute Indigestion.

Toronto, Ont., Oct. 22.—Jules Kussell, an actor at the Majestic Music hall, was suddenly stricken with total blindness in the middle of his sketch and finished the act without allowing the audience or the other people on the stage to know of his alarming condition.

Mr. Kussell is an elderly actor, the husband of Estelle Wordette, who gives a one-act comedy lasting about twenty minutes. In this act Kussell sings a number of songs and has a long speaking part. Scarcely was his solo half through when, reeling slightly to one side, he passed his hands over his eyes as though to clear away some obstacle.

The momentary lull in the song brought back his presence of mind, and with an effort he smiled on the house and continued the broken melody. The moment the curtain fell he staggered to the wings and was led to his dressing room by friends. Three local doctors were called and during the whole of the night worked over the sightless actor in an effort at restoration. The doctors diagnose the blindness as coming from acute indigestion.

INJURED MIDDY MUST DIE

Navy Quarterback, Neck Broken, Asks How Soon He Can Join Team.

Annapolis, Md., Oct. 22.—The injury to Midshipman Earl D. Wilson, quarterback of the naval academy football team, has created profound sympathy for the young man.

Wilson, whose neck is broken, has a slim chance of recovering, and it is likely that he may linger for months. Helplessly paralyzed below the neck, his mind is clear and his vocal and digestive organs unimpaired. He has no realization of the seriousness of his condition, and is in excellent spirits, inquiring constantly about what the football team is doing and how soon he can play again.

The naval authorities do not intend attaching any blame to any Villanova player on account of the injury to Wilson. The latter was hurt making a flying tackle of Kelly, just as he crossed the line for the last touchdown made by the visitors. The game was a hard played one, but particularly free from anything like undue roughness or lack of sportsmanship.

LITTLE GIRL'S WIT

Precautions She Took to Save Her Baby Brother.

Greensburg, Ind., Oct. 22.—While climbing into a corn crib with his sister Alice, five years old, Nottie Thurston, three years old, son of Edward Thurston, of Waynesburg, fell to the cement floor and fractured his skull.

The little girl, seeing that she could not carry her baby brother to the house, more than 100 yards away, and realizing she could not leave him in the field where hogs roamed, dragged the unconscious form to a fence corner, where she carried rails and built a fence about it, and then ran home and told her parents her brother was dead. The injured child will not live.

Young Man's Fiance Marries Father.

Charlotte, Mich., Oct. 22.—Ralph Butler, twenty years old, went to Andersonville, Ind., to wed Miss Daisy Woods, according to agreement. He learned when he got there that his father, recently divorced, had taken the girl to Evansville and married her himself.

Why I Buy Wooltex Garments

"For several reasons—first, style.

"I have worn Wooltex garments for several seasons because I have found that the styles are always correct.

"Any woman of taste would rather have a homespun coat that is made on correct lines than a dowdy one of satin.

"Wooltex styles are dependable. There are no freaks or fads among them. They attract notice—yes—but only because of their quiet elegance.

"They can't help being good style. Each model is passed upon by many experts before it is accepted. Nothing bizarre bears the Wooltex label. They are distinctive styles for refined women.

"Then, too, the models are so numerous and varied, one is sure to find what suits her special needs.

"The knowing woman who is buying a suit or coat looks for the Wooltex label, because she knows it is not only a guarantee of pure wool and two seasons' service—it is also a guarantee of correct style."

HANDSOMELY PRODUCED

Augustus Thomas' play, "The Burglar," took a position in the front rank of comedy drama long ago, and still continues to hold its place with the very best of stage offerings. It is a play which the most fastidious, the most exacting, can view without offense, and merits the success it attains.

The sentiment of the play is true to nature, and on that account is not only intensely interesting, but instructive as well, and can be properly called, in the hands of the excellent company producing it, a dramatic treat. It will be beautifully staged with all special scenic effects at Walter's Theatre Monday evening, Oct. 25.

A Generous Offer

The People's Drug Store Will Refund Your Money if Parisian Sage Doesn't Banish Dandruff.

Pretty strong talk, perhaps you'll say, but it's honest talk, every word of it, because if the People's Drug Store was not absolutely certain; if they did not know from actual results obtained they could not make such a generous offer. Parisian Sage, which can now be obtained in every town in America, is also guaranteed to stop falling hair and itching scalp.

It is the ideal, delightful, rejuvenating hair dressing that makes hair grow in abundance. Parisian Sage is a prime favorite with women, because it keeps the hair brilliant and fascinating, is daintily perfumed, and is not sticky or greasy. The price for a large bottle is only 50 cents at the People's drug store who guarantee it. Sold everywhere, or direct, all charges prepaid, by the American makers Giroux Mfg. Co., Buffalo, N. Y.

OLD FACES MADE YOUNG

Simple Explanation of what Sounds Like a Miracle.

Did you ever wonder why one part of the skin should grow old before another? It seems to do so, in the case of the face, neck and hands. Exposure to the weather really means exposure to various forms of uncleanliness. Even the constant use of water, which carries all sorts of material in solution, together with soaps that deposit dead fats in the pores, soon choke the countless sweat ducts and the skin grows harsh, sallow and wasted.

For such skin, crown cream should be used at once, together with the Harlan Beauty Cup. Crown cream acts first by cleaning the pores, and ridding the surface of dead skin matter. Then it changes blotches to healthy tissue, and acts instantly upon every form of blemish. The Beauty Cup, at the same time, quickens the action of the crown cream, and massages the skin to its lowest layer. It does this through a vacuum system, which cannot hurt the most delicate tissues, and thus is greatly superior to any hand manipulation of the skin.

Crown cream can be had of all dealers in toilet goods for 50 cts. a jar, and this is the price of the beauty cup as well. In case your dealer is not supplied, order direct from the Harlan Mfg. Co., Toledo, Ohio.

She Was Cured

The People's Drug Store Sells the Prescription that Stops all Stomach Disturbance.

Mrs. Mina Henderson says: "Mi-o-na cured me of a stomach trouble of a long standing. My trouble came from a weak and impaired condition of the digestive organs. My food did not digest, but fermented, making gas, which pressed against my heart and on many occasions I expected to die. I doctored and used remedies without success or relief, until using Mi-o-na I was cured." 253 Pavone St., Benton Harbor, Mich., 1908.

Mi-o-na is guaranteed by the People's Drug Store to cure indigestion or any stomach disease or money back. Mi-o-na for belching of gas. Mi-o-na for distress after eating. Mi-o-na for foul breath. Truth About Catarrh

Sensible Methods Will Cure it. The People's Drug Store Guarantees Hyomei to Cure Catarrh.

Catarrh can never be cured by taking medicines into the stomach nor by sprays, atomizers or douches.

Intelligent physicians have long ago discarded such ideas and not one of them would be worth consideration were it not for the fact that unscrupulous persons prey upon the ignorance of the people in regard to new discoveries. Catarrh is caused by germs and just as long as these germs thrive in the folds, crevices, nooks and corners of the mucous membrane that line the nose, throat and chest, just so long will you have catarrh.

There is only one way to cure catarrh, and that is to kill the germs.

There is only one remedy that will kill the germs when it gets where the germs are, and that is Hyomei.

Hyomei is made chiefly from Australian Eucalyptus and Eucalyptol combined with other germ killing antiseptics. Just breathe it in through the hard rubber inhaler that comes with each outfit and relief is immediate. Used regularly for a few weeks Hyomei (pronounced High-o-me) will cure chronic catarrh. Complete outfit \$1.00 at the People's drug store and leading druggists everywhere.

The Thin and Weak

Easy Way for Them to Get Strong and Fat

Samose is not an ordinary medicine; it is a flesh-forming food that is adapted to the most delicate. Its tonic effect gives strength and health so that after its use for a short time, all the flesh and fat producing elements in the food will be easily assimilated and retained by the body.

The large sale Druggist L. M. Buehler has had on Samose since he first introduced it in Gettysburg and the wonderful results following its use have made him such an enthusiastic believer in its great merits, that, he gives his personal guarantee to refund the money if Samose does not make thin people fat and restore strength and health.

When a gain in weight is noticed after Samose has been used for a week or ten days, and health has improved, and you notice yourself growing stronger, you certainly should feel more than satisfied with what you have received from the small cost of 50c.

FOR SALE—Good visible Underwood typewriter. Apply Buehler's Drug Store.
